

## **MATRICULATION AND REGISTRATION**

Matriculation will take place two weeks before Semester I. Registration for modules to be offered in Semesters I and II will normally take place one week before each semester.

Student teachers can register for or drop a module offered in the semester within the first week of that semester. A module that is dropped within the first week of a semester will not appear in the student teacher's official transcript.

A student teacher who drops a module after the deadline, that is the end of the first week of a semester, will be deemed to have sat and failed in the module. 'F' will appear on the official transcript and will be used in the computation of Cumulative Grade Point Average (CGPA).

### **Enrolment**

Although student teachers usually get to read the subject/modules of their own choice, the final choice of subjects/modules sometimes has to be determined by the Dean of Foundation Programmes/Heads /Co-ordinators of subjects concerned. Student teachers are responsible for ensuring that the modules they select do not clash on the class time-table and the examination time-table which are both prepared before the registration exercise.
