Notes:

1. Students shall be informed of the total costs of the EdD (Dual Award) programme at the outset, based on the assumption that they will spend two years study at the home institution and a further two years study at the dual institution. Fee levels notified to students at this point shall remain fixed for the first four years of the programme, unless a) their pattern of registration deviates from this assumption; and/or b) the Sterling/Sing\$ exchange rate increases by more than 5%. Students who need more than 2 years to complete their taught courses and IFS at the home institution will be charged at the applicable tuition fee rate for the additional period of study based on Note 3 below. Students who take longer than 4 years to complete their programme will be charged at the applicable tuition fee rate for the additional semester required to complete the programme.
2. The tuition fees throughout the programme shall be paid by the students to the home institution, in the currency of the home institution.
3. When students are registered and undertaking the taught courses and IFS at NIE, NTU, the fee for that period will comprise a) a charge made by NIE, NTU for their input to the programme set at 100% of the appropriate NIE fees; and b) a charge made by IOE set at 25% of their part-time overseas fee for doctoral students (plus adjustments to allow for inflation, exchange rate fluctuations and any fee revisions by either institutions).
4. When students are registered and undertaking the thesis component at IOE, the fee for that period will comprise a) a charge made by IOE for their input to the programme set at 100% of the appropriate IOE fee (plus adjustments to allow for inflation, exchange rate fluctuations and any fee revisions by either institutions); and b) a charge made by NIE, NTU set at 5% of the appropriate NIE fees to cover quality assurance monitoring.
5. The fees for students commencing the programme shall be subject to yearly revision. The fees stated in the table above are thus indicative, and also assume Years 1 and 2 are spent at the home institution and Years 3 and 4 at the dual institution. Apart from the above fees, both institutions may impose administrative/registration fees as appropriate.
6. The above-stated fees are subject to applicable GST.
7. Fees for each academic year must be paid in advance and within the stipulated periods. Fees are payable on a semester basis.
8. Students who fail to pay fees within the stipulated periods will have their names removed from the register of higher degree students. A student whose name has been thus removed but who is otherwise eligible to continue his candidature will be reinstated only after he has settled all outstanding fees and paid a re-registration fee of S\$53.50 (inclusive of GST).
9. A student who withdraws or leaves the University two or more weeks after the commencement of his candidature or the commencement of the semester is liable to pay the fees due for the semester.
10. The University's Board of Trustees reserves the right to alter fees at any time without notice.
